Contact us to learn how your small business can benefit:

- ◆ 5% Bid Preference — A five percent (5%) bid price reduction "preference" is awarded during the evaluation process when your company bids for goods and services in response to solicitations. The five percent (5%) preference is used to determine the winning bid or proposal and does not change the amount of the award.
- ◆ Directory Listing — Your company will be listed in the County Small Business Directory, which is utilized countywide by purchasing and contract staff!
- ◆ Prompt Payment Program — Certified Small Businesses are eligible to be paid within 15-days of receipt of an undisputed invoice for goods or services.

Did you know...there are now two ways to qualify for the small business preference??
